Screen Area - 64 sq. ft

Refer to installation manual for additional details of framing specifications and clearances.

This unit illustrated is a OFP42N Outdoor Fireplace – Natural Gas, with LOGF37 Split Oak Log Set, and OFP42RLT Traditional Brick Liner.

TWO FIREPLACE CHOICES AND NO VENTING REQUIRED

- *Satin Coat with a Black Paint Finish and stainless steel pull screen. A great alternative when covering the front face with brick or other non combustible materials. (Satin coat steel is pretreated with a zinc coating for corrosion resistance and paint adhesion.)*
- *Stainless steel firebox, front and pull screens. Stainless steel provides a clean, contemporary and weather-resistant finish so that you can enjoy your fireplace for years to come.*

UNIT AND FRAMING SPECIFICATIONS

Kingsman Industries maintains a program of continuous testing, refinement and improvements of all its products. Some aspect of units shown here may be changed at any time without notice or obligation.

Certification: These models are certified for USA and Canada as an Outdoor Gas Fireplace, CSA 4.96 US 2nd Edition, CGA CR97-003, CGA 2.17-M91.

*Components may have to be ordered separately to create a complete unit. Discuss with your local Kingsman dealer for clarification.
